Together Through Change Networking Event

Through fires, floods and pandemics the Sunshine Coast business community has proven time and again that we are stronger together. Join Kim McCosker (4 Ingredients) and Queensland Small Business Commissioner, Maree Adshead as we explore how building stronger relationships, having a plan in place, and calling on the resources available can make all the difference when your business is disrupted and quick and considered action is required.

Then, let's come together for a great evening of networking and sharing stories of resilience and growth.

Canapes and beverages will be provided.
